

Cotton Bud Blues in C

- (a) In pairs, try playing parts 1 and 2 together.
- (b) One of you repeat the chords whilst the other improvises a 12 bar solo.

When you can do this, try playing parts 2 and 3 together. Take it in turns to play each different part.

C Blues Scale - Use these notes in any order for your improvisation

Part 1: Melody - play 3 times

Part 2: 12 Bar blues chords

Part 3: Walking bass line

Alternative parts.

Alternative to Part 1.
EASY - play 3 times.

Alternative to Part 1.
MEDIUM - play once. This is a full 12 Bar blues. Notice that the first two lines are the same; these are the call and the third line is the response.

Alternative to part 2.
DIFFICULT: 12 Bar Blues Chords

Alternative chords. Here is a more difficult 12 bar blues chord progression. Notice that some chords are now made of 4 notes.
