### Pink Task: Darth Vader

Play Darth Vader's theme in your right hand. When it is fluent, add the harmony note under the melody. This is also in your right hand. When you can play this fluently, add the bass notes with your left hand. You could work in pairs for this to build up each part before you try it individually.

*Leitmotif: Character theme (a melody that is heard every time you see a character in a film)*

*Harmony: when two notes are played at the same time to create a chord sound under the melody*
